

PLAN NEW ROOF ON HI SCHOOL; OTHER REPAIRS

Members of the Gettysburg school board turned their thoughts to spring, with one eye on the budget, at their regular February meeting Monday night in the office of Dr. Lloyd C. Keefeauver, superintendent, at the high school.

They discussed an inspection of the heating and ventilating systems at the Meade school, a new roof for the high school, removal of the old heating coils in the ventilating system at the High street school, purchase of a new lawn mower, and inspection of the high school with an eye on spring repairs. The budget will come up at the March meeting.

Superintendent Keefeauver reported that a leak in the roof at the high school had been repaired, but submitted a report from a roofing firm which said that the entire roof is "in bad shape," and needs replacing.

To Inspect Building
As a result, the property committee, composed of George T. Raffensperger, Charles S. Black and Mrs. Irma Poppay, with Superintendent Keefeauver, will meet next Saturday afternoon at 3 o'clock to inspect the entire building.

As for painting and other repairs, Superintendent Keefeauver reported that some window frames were rotting out and that sills needed painting and other parts of the building and rooms were in need of the brush.

Fortunately, he said, when the recent leak in the roof developed, it was over the stage, where there

An overnight scout leaders' training course will be held at the American Legion hall in Hanover, March 6 and 7.

The new scout executive urged the use of more leaders in the scout organization in the district and stressed the importance of activities on the scouting program.

There were troop and departmental reports during which it was announced that the new Boy Scout camp near Dillsburg will be in use from June 27 to August 8 with Black Walnut dates there not yet selected.

CHANGE DATE OF SCHOOL OPENING TO SEPTEMBER 8

Adams county's schools will open Wednesday, September 8, next fall, C. I. Raffensperger, assistant county superintendent of schools, told the county elementary school principals Monday evening at their regular meeting in the office of the county superintendent of schools at the court house.

The decision to move the opening date of school up to two days after Labor day instead of the day after the holiday was made to permit the teachers to attend a one-day institute September 7 on what has been the opening day of school, Raffensperger said.

Gettysburg teachers are also scheduled to attend the institute. Raffensperger added, marking the first time in a number of years that both local and county teachers have attended the same institute.

Name Two Committees

A second day's institute will be held Friday, October 15, at Chambersburg in connection with the State Education association convention for the southern area of the state which includes Adams, Franklin, Cumberland and Fulton counties.

Two committees were named by the elementary principals. One, comprising Assistant Superintendent Raffensperger, Frank Basehoar, Littlestown, and Lloyd Hartman, Gettysburg, will study the possibility of holding another elementary teachers' workshop this summer similar to the one held for the county teachers last summer at Biglerville. Cumulative record cards for students will be studied by the other committee comprising Lewis Bosserman, Ardentown; Paul Mehning, Gettysburg; Miss Hazel Carson, Fairfield, and Miss Mary Elder, Aboltstown.

Francis Coulson, Biglerville elementary principal, presided at the meeting.

Says Game Birds In Need Of Extra Food

With the help of organized sportsmen throughout the county, Game Protector Leo Bushman has been feeding quail and pheasants in many sections of the county since mid-December. The feeding program has been stepped up in the last month while the ground has been covered with snow continuously.

Mr. Bushman has used 80 bushels of ear corn and 400 pounds of scratch feed and is arranging for extra supplies of feed for the remainder of the winter. He urged farmers to put out cracked corn or wheat for quail and pheasants on their properties. Squirrels, too, are running low on food, he said.

The game protector said the county's deer herd appears to have adequate feed and that the snow has not yet been deep enough to interfere with their browsing.

BULLETINS

St. John's, Nfld., Feb. 10 (AP)—Twenty or more persons died today when fire enveloped an old people's home. A fire official said more bodies may be found in the ruins of the Hull house structure. It was a three story concrete building which sheltered indigent and ill people.

Some occupants escaped. Some suffocated or died of burns while still abed. Nine bodies were found in beds in one room. Some reached windows before collapsing. The cause of the fire was not known. A 50-mile gale fanned the blaze quickly out of control.

COLDEST 10TH IN 14 YEARS, RECORDS SHOW

For the second successive night the mercury dropped Monday night and early today to four degrees above zero. This morning was the coldest February 10 since 1934, when the mercury registered two above, and Monday was also the coldest February 9 since that year, when it skidded to a minus 10 degrees.

The frigid air brought temperatures in Pennsylvania as low as 15 below zero at Phillipsburg in Centre county, 13 below at Brookville in Jefferson county and 12 below at Freehold in Luzerne county.

The U. S. Weather Bureau said there is no hope for a break in the cold weather for several days.

Other temperatures over the state today were: St. Johns and Williamsport, 10 below; Altoona, four below; Mt. Pocono, three below; Allentown, one below; Scranton and Hazleton, zero; Harrisburg, two above; Pittsburgh, five above and Philadelphia, 10 above.

Entire Nation Cold

Temperatures across the nation, except in Florida, were below normal. Southern states got the worst of the February climatic capers—heavy falls of snow, rain and sleet and temperature drops far below freezing. Southern Florida escaped the wintry blasts and the mercury hovered around the 80 above mark Monday.

Although more snow had been predicted in Pennsylvania, the weather bureau said the lightly-knit high pressure area shoved back a low pressure, snow-laden storm area moving up from the south.

The snow belt covered all parts of Dixieland, with heavy falls in Arkansas, Tennessee and the Carolinas. Snow also fell in Alabama and in parts of Mississippi, Louisiana, Georgia and Virginia.

The continued cold weather added new problems for fuel oil shortages and Pennsylvania Fuel Oil Coordinator Brenton G. Wallace said unless places of amusement curtailed the use of oil, he would ask Gov. Duff to declare a state of emergency and direct a ban on deliveries of fuel oil to theaters, taprooms, bowling alleys and other places of amusement.

Lions Donate \$100 To Honor Roll Project

Gettysburg Lions increased their donations to the county Honor Roll to \$89 at the weekly dinner meeting Monday evening at the Shetler House and then voted an additional \$11 from the club treasury to make the total club contribution \$100.

There was a brief demonstration of fire lower building by Scouts John Staub, Thomas Cole, Fred Walters, Jack Knox, James Codori and William Bagot of Troop 78 as a Boy Scout Week feature.

President Mahlon P. Hartzell, Sr., presided at the meeting with about 75 members in attendance. A film, "News in the Air," was shown.

Apartment House Damaged By Blaze

Fire, believed to have been caused by over-heated pipes, did considerable damage to a two and one-half story apartment house owned by Paul Hollinger, at Cemetery and M streets, Littlestown, this morning at 11:45 o'clock.

The apartment of Mr. and Mrs. Dale Starry was damaged and practically all furniture was destroyed or damaged by water. The furniture in the apartment of Mr. and Mrs. Cyrus Lehigh was carried to safety. A third apartment in the building is unoccupied.

The building was a log structure improved by weather-boarding. Over-heated pipes along the wall partitions were believed to have started the blaze.

Mr. Hollinger was unable to estimate the amount of damage but indicated the loss is partially covered by insurance. Mr. Starry also had some insurance on his furnishings.

Two trucks of the Alpha fire company, Littlestown, responded to the summons. Firemen remained on duty this afternoon although the blaze was extinguished shortly after noon.

Crippled Children's Society Will Elect

The packages cost \$2. Each contains 15 varieties of garden seed and will produce enough food to feed a family of six. It helps to supplement the meagre diets, still under strict food rationing.

Checks may be sent to the Gettysburg National bank or to Department of Overseas Relief, Third and Reilly streets, Harrisburg, Pa.

S. government in the war against Japan. She also prepared the Japanese-English dictionary used by our armed forces during the war.

Disinfect School Buses Says Crist

Owners and operators of school buses in Adams county were urged today by Dr. C. G. Crist, county medical director, and William I. Shields, state sanitarian for Adams county, to disinfect their buses immediately in an effort to check spread of scarlet fever.

Dr. Crist suggested that a lysol solution be used to wash the interior of the buses.

Shields said that many pupils transfer from one bus to another in making trips to and from school each day, and that the danger of spreading scarlet fever will be increased unless buses are disinfected.

COURT ORDERS SURVEY IN LAND DISPUTE ACTION

A confusion arising in the testimony given in the equity action of Jules Smith, Hanover, versus Nathaniel Miller, New Oxford, led the Adams county court Monday afternoon to hand down a temporary order in the case until a surveyor can be sent to the Miller land near New Oxford.

The temporary order, which grants Smith the right to use a right of way over the Miller land to his cottage for the time being, was handed down after several hours of testimony had been taken and after the court and counsel for Miller and Smith held a lengthy private session in the court's office.

Testimony Conflicts

Miller claimed that he had aided Smith in establishing a right of way over the Miller property to the Smith cottage back in 1933, and that he provided stone for the driveway into the Smith cottage near New Oxford. Part of the agreement, Miller said, was that Smith should keep the gate to the right of way closed so that the Miller cows would not escape. Failure to keep the gate closed resulted in the cattle getting out a number of times, Miller said.

Smith on the other hand, claimed Miller put up a fence so close to another fence on the opposite side of the right of way that cars were unable to turn about on the right of way and were unable to turn into the Smith property at the end of the drive. He also claimed that Miller established a garbage dump 25 feet from the Smith cottage, placed logs in a small stream so that it backed up to the Smith property, removed part of a bridge when Smith was attempting to build a new bridge into his property and "performed a number of acts of similar nature."

Long Discussions

There was much discussion as to who removed the gate to the right of way, and who returned it. There was much discussion concerning a gate-way which permitted the Miller cows to enter into the right of way and the purpose of the gate. There were long discussions on where the fence was located and whether it permitted cars to turn, and there was discussion about whether cars could park on the right of way, or whether at one point they parked on Miller's or Smith's land.

Pointing to the confusion the court called the private consultation with counsel, Attorneys Richard A. Brown for Smith and Eugene V. Bullett for Miller. After that consultation the court made its decision to engage a surveyor to determine where the boundaries in the dispute might be.

PASTOR SAYS WORLD NEEDS LINCOLN FAITH

"We need Lincoln. We need to return to the ideals and principles which guided Lincoln in his thinking and his actions," the Rev. George H. Bernheimer, pastor of the Ardentown Lutheran church, declared Monday evening in a talk to the Gettysburg Rotary club at the YWCA.

"In these days when our ears are stricken by a clamor of confusing counsels, when those who would be our leaders apparently do not see through a problem, or are unable to present it to us in a way we can understand, we need a return to the simple principles of Abraham Lincoln."

"We need his sense of humor. His was not the bitter laughter of the disillusioned nor the scornful laughter of those who feel themselves above the common man. His was laughter from the heart."

Need Lincoln Foresight

"We need his seeing eye, his eye that seemed to see right through an individual to penetrate even to the depth of heaven itself. We need his insight. We can look at a window, or through a window. Looking at a window we can see the dust on the frame; looking through it we can see perhaps a beautiful landscape. We need his insight that we may not be confused into being"

PLAN NEW ROOF ON HI SCHOOL; OTHER REPAIRS

Members of the Gettysburg school board turned their thoughts to spring, with one eye on the budget, at their regular February meeting Monday night in the office of Dr. Lloyd C. Keefe, superintendent, at the high school.

They discussed an inspection of the heating and ventilating systems at the Meade school, a new roof for the high school, removal of the old heating coils in the ventilating system at the High street school, purchase of a new lawn mower, and inspection of the high school with an eye on spring repairs. The budget will come up at the March meeting.

Superintendent Keefe reported that a leak in the roof at the high school had been repaired, but submitted a report from a roofing firm which said that the entire roof is "in bad shape," and needs replacing.

To Inspect Building
As a result, the property committee, composed of George T. Raffensperger, Charles S. Black and Mrs. Irma Poppay, with Superintendent Keefe, will meet next Saturday afternoon at 3 o'clock to inspect the entire building.

As for painting and other repairs, Superintendent Keefe reported that some window frames were rotting out and that sills needed painting and other parts of the building and rooms were in need of the brush.

Fortunately, he said, when the recent leak in the roof developed, it was over the stage, where there

An overnight scout leaders' training course will be held at the American Legion hall in Hanover, March 6 and 7.

The new scout executive urged the use of more leaders in the scout organization in the district and stressed the importance of activities on the scouting program.

There were troop and departmental reports during which it was announced that the new Boy Scout camp near Dillsburg will be in use from June 27 to August 8 with Black Walnut dates there not yet selected.

The annual district finance campaign will be organized within the next few weeks under the leadership of Chairman Teeter. The goal is expected to be about \$2,500 for this district, the scouts were told.

Window displays and participation in special church services were listed as some of the district methods of observing Boy Scout Week.

The fourth Monday of each month was picked as the regular district meeting time but the next session will be held March 29. Plans for a monthly district round-table and a bi-monthly district board of review also were made.

CHANGE DATE OF SCHOOL OPENING TO SEPTEMBER 8

Adams county's schools will open Wednesday, September 8, next fall, C. I. Raffensperger, assistant county superintendent of schools, told the county elementary school principals Monday evening at their regular meeting in the office of the county superintendent of schools at the court house.

The decision to move the opening date of school up to two days after Labor day instead of the day after the holiday was made to permit the teachers to attend a one-day institute September 7 on what has been the opening day of school, Raffensperger said.

Gettysburg teachers are also scheduled to attend the institute, Raffensperger added, marking the first time in a number of years that both local and county teachers have attended the same institute.

Name Two Committees

A second day's institute will be held Friday, October 15, at Chambersburg in connection with the State Education association convention for the southern area of the state which includes Adams, Franklin, Cumberland and Fulton counties.

Two committees were named by the elementary principals. One, comprising Assistant Superintendent Raffensperger, Frank Basehart, Littlestown, and Lloyd Hartman, Gettysburg, will study the possibility of holding another elementary teachers' workshop this summer similar to the one held for the county teachers last summer at Biglerville.

Cumulative record cards for students will be studied by the other committee comprising Lewis Bosserman, Arendtsville; Paul Mehring, Gettysburg; Miss Hazel Carson, Fairfield; and Miss Mary Elder, Abbotstown.

Francis Coulson, Biglerville elementary principal, presided at the meeting.

Says Game Birds In Need Of Extra Food

With the help of organized sportsmen throughout the county, Game Protector Leo Bushman has been feeding quail and pheasants in many sections of the county since mid-December. The feeding program has been stepped up in the last month while the ground has been covered with snow continuously.

Mr. Bushman has used 80 bushels of ear corn and 400 pounds of scratch feed and is arranging for extra supplies of feed for the remainder of the winter. He urged farmers to put out cracked corn or wheat for quail and pheasants on their properties. Squirrels, too, are running low on food, he said.

The game protector said the county's deer herd appears to have adequate feed and that the snow has not yet been deep enough to interfere with their browsing.

BULLETINS

St. John's, Nfld., Feb. 10 (AP)—Twenty or more persons died today when fire enveloped an old people's home. A fire official said more bodies may be found in the ruins of the Hull house structure. It was a three story concrete building which sheltered indigent and ill people.

Some occupants escaped. Some suffocated or died of burns while still abed. Nine bodies were found in beds in one room. Some reached windows before collapsing. The cause of the fire was not known. A 50-mile gale fanned the blaze quickly out of control.

COLDEST 10TH IN 14 YEARS, RECORDS SHOW

For the second successive night the mercury dropped Monday night and early today to four degrees above zero. This morning was the coldest February 10 since 1934, when the mercury registered two above, and Monday was also the coldest February 9 since that year, when it skidded to a minus 10 degrees.

The frigid air brought temperatures in Pennsylvania as low as 15 below zero at Phillipsburg in Centre county, 13 below at Brookville in Jefferson county and 12 below at Freeland in Luzerne county.

The U. S. Weather Bureau said there is no hope for a break in the cold weather for "several days."

Other temperatures over the state today were: St. Johns and Williamsport, 10 below; Altoona, four below; Mt. Pocono, three below; Allentown, one below; Scranton and Hazleton, zero; Harrisburg, two above; Pittsburgh, five above and Philadelphia, 10 above.

Entire Nation Cold

Temperatures across the nation, except in Florida, were below normal. Southern states got the worst of the February climatic capers—heavy falls of snow, rain and sleet and temperature drops far below freezing. Southern Florida escaped the wintry blasts and the mercury hovered around the 80 above mark Monday.

Although more snow had been predicted in Pennsylvania, the weather bureau said the tightly-knit high pressure area shoved back a low pressure, snow-laden storm area moving up from the south.

The snow belt covered all parts of Dixieland, with heavy falls in Arkansas, Tennessee and the Carolinas. Snow also fell in Alabama and in parts of Mississippi, Louisiana, Georgia and Virginia.

The continued cold weather added new problems for fuel oil shortages and Pennsylvania Fuel Oil Coordinator Brenton G. Wallace said unless places of amusement curtailed the use of oil, he would ask Gov. Duff to declare a state of emergency and direct a ban on deliveries of fuel oil to theaters, taprooms, bowling alleys and other places of amusement.

Lions Donate \$100 To Honor Roll Project

Gettysburg Lions increased their donations to the county Honor Roll to \$89 at the weekly dinner meeting Monday evening at the Shetter House and then voted an additional \$11 from the club treasury to make the total club contribution \$100.

There was a brief demonstration of fire tower building by Scouts John Staub, Thomas Cole, Fred Walters, Jack Knox, James Codori and William Bagot of Troop 78 as a Boy Scout Week feature.

President Mahlon P. Hartzell, Sr., presided at the meeting with about 75 members in attendance. A film, "News in the Air," was shown.

Apartment House Damaged By Blaze

Fire, believed to have been caused by over-heated pipes, did considerable damage to a two and one-half story apartment house owned by Paul Hollinger, at Cemetery and M streets, Littlestown, this morning at 11:45 o'clock.

The apartment of Mr. and Mrs. Dale Stary was damaged and practically all furniture was destroyed or damaged by water. The furniture in the apartment of Mr. and Mrs. Cyrus Lehig was carried to safety. A third apartment in the building is unoccupied.

The building was a log structure improved by weather boarding. Over-heated pipes along the wall partitions were believed to have started the blaze.

Mr. Hollinger was unable to estimate the amount of damage but indicated the loss is partially covered by insurance. Mr. Stary also had some insurance on his furnishings.

Two trucks of the Alpha fire company, Littlestown, responded to the summons. Firemen remained on duty this afternoon although the blaze was extinguished shortly after noon.

The packages cost \$2. Each contains 15 varieties of garden seed and will produce enough food to feed a family of six. It helps to supplement the meagre diets, still under strict food rationing.

Checks may be sent to the Gettysburg National bank or to Department of Overseas Relief, Third and Reilly streets, Harrisburg, Pa.

Disinfect School Buses Says Crist

Owners and operators of school buses in Adams county were urged today by Dr. C. G. Crist, county medical director, and William I. Shields, state sanitarian for Adams county, to disinfect their buses immediately in an effort to check spread of scarlet fever.

Dr. Crist suggested that a lysol solution be used to wash the interior of the buses.

Shields said that many pupils transfer from one bus to another in making trips to and from school each day, and that the danger of spreading scarlet fever will be increased unless buses are disinfected.

COURT ORDERS SURVEY IN LAND DISPUTE ACTION

A confusion arising in the testimony given in the equity action of Jules Smith, Hanover, versus Nathaniel Miller, New Oxford, led the Adams county court Monday afternoon to hand down a temporary order in the case until a surveyor can be sent to the Miller land near New Oxford.

The temporary order, which grants Smith the right to use a right of way over the Miller land to his cottage for the time being, was handed down after several hours of testimony had been taken and after the court and counsel for Miller and Smith held a lengthy private session in the court's office.

Testimony Conflicts

Miller claimed that he had aided Smith in establishing a right of way over the Miller property to the Smith cottage back in 1933, and that he provided stone for the driveway into the Smith cottage near New Oxford. Part of the agreement, Miller said, was that Smith should keep the gate to the right of way closed so that the Miller cows would not escape. Failure to keep the gate closed resulted in the cattle getting out a number of times, Miller said.

Smith on the other hand, claimed Miller put up a fence so close to another fence on the opposite side of the right of way that cars were unable to turn about on the right of way and were unable to turn into the Smith property at the end of the drive. He also claimed that Miller established a garbage dump 25 feet from the Smith cottage, placed logs in a small stream so that it backed up to the Smith property, removed part of a bridge when Smith was attempting to build a new bridge into his property and "performed a number of acts of similar nature."

Long Discussions

There was much discussion as to who removed the gate to the right of way, and who returned it. There was much discussion concerning a gate-way which permitted the Miller cows to enter into the right of way and the purpose of the gate. There were long discussions on where the fence was located and whether it permitted cars to turn, and there was discussion about whether cars could park on the right of way, or whether at one point they parked on Miller's or Smith's land.

Pointing to the confusion the court called the private consultation with counsel, Attorneys Richard A. Brown for Smith and Eugene V. Bullett for Miller. After that consultation the court made its decision to engage a surveyor to determine where the boundaries in the dispute might be.

PASTOR SAYS WORLD NEEDS LINCOLN FAITH

"We need Lincoln. We need to return to the ideals and principles which guided Lincoln in his thinking and his actions," the Rev. George H. Berkheimer, pastor of the Arendtsville Lutheran charge, declared Monday evening in a talk to the Gettysburg Rotary club at the YWCA.

"In these days when our ears are stricken by a clamor of confusing counsels, when those who would be our leaders apparently do not see through a problem, or are unable to present it to us in a way we can understand, we need a return to the simple principles of Abraham Lincoln."

"We need his sense of humor. His was not the bitter laughter of the disillusioned nor the scornful laughter of those who feel themselves above the common man. His was laughter from the heart."

We Need Lincoln Foresight
"We need his seeing eye, his eye that seemed to see right through an individual to penetrate even to the depth of heaven itself. We need his insight. We can look at a window, or through a window. Looking at a window we can see the dust on the frame; looking through it we can see perhaps a beautiful landscape. We need his insight that we may not be confused into being"

REPORT INDIAN TROOPS KILLED 2,000 MOSLEMS

New Delhi, Feb. 9 (AP)—The Indian press said today Indian troops in northern Kashmir state have killed "well over 2,000" Moslem invaders in a major battle, including two officers who appeared to be foreigners.

The attackers were put to flight

with machinegun fire and hand-to-hand fighting, the dispatches reported, and Indian troops undertook an aggressive mopup.

Two Moslem Groups Banned

An official military spokesman in New Delhi said, "all we know here now is that a major action took place in the forward area of Naoshera and the invaders suffered heavy losses. From what we know, 2,000 losses does not seem an exaggeration, but of course we are not in a position to confirm that till we get full reports from the front."

Indian and Kashmir-state forces have been fighting Moslem tribesmen in Kashmir since last October. India, in which the state now is included, has accused neighboring Pakistan of supporting the tribesmen. The dispute is before the United Nations Security Council. In India, two rival Moslem or-

ganizations were under government ban today in the latest aftermath to the assassination of Mohandas K. Gandhi.

Blamed for Strife

The Khaksars and the Moslem League National Guard were outlawed throughout India yesterday. The Home Ministry said the reason is that they have contributed to communal strife. It accused the guard also of aiming at "disintegrating the country." They are the first Moslem groups declared illegal in Hindu-India.

The Hindu Rashtriya Swayam Sevak Sangh (RSS)—National Volunteer Corps—was outlawed last Wednesday. The government explained its "cult of violence has claimed many victims," including Gandhi. That was two days after announcement of a general ban on private armies and groups preaching hate.

No statement was forthcoming yesterday on investigation of the administration of Alwar, little princely state south of New Delhi. The government says it is looking into a possible connection there with Gandhi's death. Alwar's Maharajah Tej Singh and Premier N. B. Khare have been called here.

Accompanying the cubs were den mothers Mrs. Leonard L. Potter, Mrs. Ernest R. Gents, Mrs. Kenneth James and their assistants.

The Rev. Mr. James read Proverbs 2:1-10 as the scripture lesson and his sermon theme was, "A Scout's Treasure Hunt" based on Proverbs 2:2. The speaker said: "A Boy Scout in his treasure hunt in life should look for a strong body, a healthy mind and a great loyalty, which is Jesus Christ." The altar vases were filled with snapdragons in honor of the scouts. Mrs. Harold Rife, assistant organist, was in charge of the music.

All the men of the parish will participate. The society also plans to have a communion breakfast sometime after Easter.

The Rev. Fr. John H. Weber read the Lenten regulations at both masses on Sunday morning. They concern the laws of fast and abstinence for the season. He also read the pastoral letter from his excellent, Bishop George L. Leech with suggestions for Lenten self-denials and mortifications to obtain personal spiritual advancement. The pastor also distributed report cards to the students of the parish who attend Delone high school. He announced that the weekly adult instruction class will be held Wednesday following services instead of Thursday.

Church Crowded

"Unity in Diversity" was the theme of the sermon preached at the third union vesper service held in Centenary Methodist church, Littlestown, by the Rev. Dr. Richard C. Wolf, teacher of church history and assistant to the president of Gettysburg seminary. Dr. Wolf used I Corinthians 12:4-5 as his text. He said: "The present day need of the world is not a super church, but zeal and love of the Lord, which will suffice the present day forms with life. Where there is One Spirit, One Lord and One God, there is the unity of the Christian church."

The Methodist church auditorium was crowded to capacity with a number seated in the Sunday school room. The pastor, the Rev. Kenneth D. James, conducted the service. The Rev. Kenneth D. James, pastor of St. John's Lutheran church, introduced Dr. Wolf. Following the closing hymn, the Rev. Mr. Hooper pronounced the benediction. Mrs. Verdie Strain, church organist, was in charge of the music.

POTASH FOR AMERICAN FARMS

The American Potash Industry, to keep American farms, operating in high gear, is now producing and delivering for agriculture more than three times as much potash as it did in 1939. (See chart.) This record has been made in the face of great man-power, equipment, and shipping difficulties. While you still may not be able to get all of the potash you want to use, every effort is being made to meet the greatly increased demand for this essential plant food.

rendition of these numbers, calling for a wide range of technique and feeling. He presented four waltzes by Brahms, "Etude in E Major" by Chopin, and "Gardens in the Rain," by Debussy. For his encore Mr. Smith played a Spanish folk song arranged by George Copeland.

Generous With Encores

Gretchenloff's short but forceful and impressive "My Native Land," was Mr. Tyers' first number in the second half of the program. The thought of the song, first expressed by Count Alexis Tolstol, refers to Russia, "beating hoofs, scream of eagles, howl of wolves in winter, virgin forests, windswept fields and meadows."

The magnificent setting of Goethe's poem, "None But the Lonely Heart," one of the most popular of Tschakovsky's songs, and another Russian song, "Russian Picnic," by Harvey Enders, followed.

Again, in the concluding part of his program, Mr. Tyers presented several shorter and lighter songs, including "Drums of the Sea," by Alice Barnett; "Take Me to a Green Isle," by Walter MacNutt; "A Mule's Tail," by A. Brendon Webb; "File for Future Reference," by Paul Sargent, and "Black Horses," by John Duke.

Mr. Tyers was generous with his encores. His selection of these was excellent. Almost without exception they were well-known to his audience, and found instant favor. Here again his excellent acting and interpretive talents won the hearts of the listeners.

Among the encores was "Water Boy," "O! Man River," "Sylvia," "Oh, What a Beautiful Morning," "There Is a Lady," a pair of Irish songs, "Little Irish Girl" and "Little Red-Haired Irish Girl."

Martin Asks 'Super Air Defense' For U.S.

Des Moines, Feb. 9 (AP)—House Speaker Joseph W. Martin, Jr., (R-Mass.) today called for "a super-defense in the air" to meet any emergency.

"We must have the most modern and the most scientific defense ever devised by man," Martin told Iowa Republicans in an address prepared for delivery at a Lincoln Day luncheon. "Such a defense is going to be super-expensive," he added.

Martin's remarks about defense climaxed a primarily agricultural speech in which he observed that "farmers are now making money" and he said he was glad of it.

"We all realize that under conditions in the world as they are today, we must have a defense wholly adequate to meet any sort of emergency which may arise," the GOP House leader declared. "This means a super-defense in the air."

Heart Association, Doctor Gifford said, and those who may wish to donate toward the work may send checks to the YWCA or leave money at the office there. Those who prefer may send donations directly to the American Heart Association, 1790 Broadway, New York 19, N. Y., he added.

The American heart association is made up of the nation's leading specialists in cardio-vascular diseases. "The money to be raised will be spent on research, education and community service in the fight against the nation's number one killer," the local surgeon said.

"During the past 25 years, scientific understanding of diseases of the heart and circulation has progressed rapidly," Doctor Gifford added. "But much remains to be done. There is tremendous need for study of the three chief causes of heart disease: rheumatic fever, high blood pressure and coronary arteriosclerosis, which is large responsible for angina pectoris and coronary thrombosis."

KEATH LEADS STATE COURT SCORING DERBY

(By The Associated Press)

Pennsylvania's 1948 basketball scoring derby was developing into a complete rout today as the sensational Frankie Keath of Elizabethtown college moved 130 points ahead of his nearest competitor.

In addition to setting a torrid pace in point production, the 5-foot, 11 Keath took a commanding lead in every individual department, two-pointers, foul conversions and average per game.

Keath's 11-game total was 365 while Larry Foust, the 6-foot, 9 behemoth from LaSalle college, moved into second place with 245 points scored in 15 games. Close behind Foust came Nelson Bobb of Temple (234), Paul Senesky of St. Joseph's (224), Frank Mansfield, St. Francis (223), and Harry Donovan, Muhlenberg, and Ed Lerner, Temple, each at 222.

Leads In Fouls

Meanwhile, a newcomer to the select circle, Evan Zlock of Susquehanna, took over the runnerup spot in average. Keath topped the state with 22.8 points per game while Zlock ranked second at 20.1. Johnny Hopper of Dickinson held down the third position with 19.1.

In baskets, Keath scored 137 to lead Foust by 43 field goals. Senesky was a notch behind with 93.

Keath's 91 foul conversions gave him the leadership in that department over Pitt's Sammy David for the first time this season. David, however, held second with 78 with Donovan third with 68.

LOUIS PUNCHES IMPRESS LEO

Baltimore, Feb. 10 (AP)—Leo Martini, who should know—says Heavyweight Champion Joe Louis may be a little slower on his feet than a few years ago "but you can't say that of his body or his punches."

Leo, a Baltimore heavyweight, boxed four rounds with Louis in a no-decision four-round exhibition before 3,000 fans here last night.

He went the same distance against the Brown Bomber in '44, when they were both soldiers in England.

Leo said "Joe hit me pretty hard," a few times and that he had been hurt by a punch to the abdomen in last night's bout.

Joe's weight was announced at 220. He had a roll of fat around his girth and ringers thought his poundage should have been announced at somewhere between 225 and 230.

It was Louis' last ring appearance in the United States before sailing for England on February 19, where he will engage in exhibitions preparatory to a title defense against Jersey Joe Walcott next summer.

Louis reiterated last night the Walcott fight will be his last—"win, lose or draw."

Liscombe Near New Loop Scoring Record

New York, Feb. 10 (AP)—Carl Liscombe, veteran left winger of the Providence Reds, is within 18 points of setting a new American Hockey league scoring record.

Liscombe picked up two points during the past week to boost his pace-setting output to 82, Liscombe, who also tops the loop in goal-getting with 39, is striving to beat the record 90 points scored by Wally Kilrea in the 1942-43 season.

Philadelphia's Walt Stefani replaced Providence's Ray La Plante as the circuit's top playmaker. Stefani has drawn 45 assists to 46 for La Plante.

Net Minder Bas Bastien of Pittsburgh retained his grip on goal-tending honors. Bastien has a goals-against average of 2.31 and along with Floyd Ferras of Springfield has turned in the most shutouts, two.

Maroons Host To Trojans In Big Tilt Here Tonight

Tonight the top South Penn cage league game is scheduled to be played on the Gettysburg high school floor when the Maroons entertain Chambersburg, first half tilt, in a crucial second half game.

A victory for the Maroons would put them back into the thick of the fight for second half honors, while a defeat would practically eliminate them from the race.

Coach Lowell Schlichter's outfit has not been beaten by a scholastic team this season and is gunning for its fifth straight South Penn championship. Previous to the Trojans rise to power Gettysburg copped the league diadem three straight years and followed with three District 3 FIAA titles.

Hundreds of Chambersburg fans are expected to accompany their team here for the game. Doors to the gymnasium will be opened at 6:15 o'clock. At 7 o'clock the reserve teams will clash.

MOUNT COACH RESIGNS POST

Emmitsburg, Md., Feb. 10 (AP)—Steve Filipowicz, star fullback of the great Fordham football team back in 1940 and 1942, resigned Monday as head football, basketball and baseball coach at Mount St. Mary's college.

The Rt. Rev. John J. Sheridan, president of the school, announced Filipowicz wished to devote all the time to the Sunbury (Pa.) Yankees of the Interstate Baseball league.

Walter Opekun, assistant coach at Mount St. Mary's since 1935 and acting head coach until Filipowicz came here last summer, takes over the top sports job again.

Starred At Fordham

Filipowicz starred for Fordham in the Rams' 1940 Cotton Bowl and 1942 Sugar Bowl games and was in the professional New York Giants backfield in 1946. Meantime, he had a fling in baseball with the New York Giants and the Little Giants at Jersey City. He went into the Marine Corps soon after graduation from Fordham.

He was brought to Mount St. Mary's coincident with a postwar revival of intercollegiate athletics there. School authorities wished to get back into competition on a "demeritis" basis.

Some of the best players of the "war-time" 1946 football team were missing when 25 lettermen came out last fall and the Mount didn't score a point in dropping all three games.

This season's basketball team has won seven and lost eight and stands ninth in the Mason-Dixon conference.

GREENBERG MAY SIGN WITH TRIBE TO PLAY, COACH

(By LARRY SMITH)

Cleveland, Feb. 10 (AP)—Frank Greenberg probably will sign a player-coach contract with the Cleveland Indians if the agreement includes a share in operation of the club.

The former American league home run king indicated as much last night, when he came here as Tribe President Bill Veeck's guest at a baseball writers' dinner honoring Manager Lou Boudreau.

"I haven't signed yet," Hank told an interviewer, "and before I take such a step I want to make sure that my association won't be just a one-year proposition as player-coach. I'm looking for something more permanent. I'd like to be associated in the operation of a major league club."

Released By Pirates

In Philadelphia yesterday, Earle Mack, assistant manager of the Philadelphia Athletics, reported Greenberg turned down an offer to play with the A's during the coming season. Mack said "we wanted him as an outfielder and pinch-hitter and as first base insurance for Ferris Fain."

The Athletics' official said Greenberg informed him by phone "he was giving up the game."

Greenberg asked for and received his release from the Pittsburgh Pirates last fall after a 13-year major league career. He batted .249 and slammed 25 home runs in 1947.

WILLIAMS IS EASY WINNER

Philadelphia, Feb. 10 (AP)—Ike Williams today only had eyes for Ray (Sugar) Robinson, the welterweight champion.

Following his easy 10 round non-title decision over Livio Minelli before a standing room crowd of 9,311 at the Arena last night, the lightweight king from Trenton, N. J., said he was tired of chasing backtracking lightweights and was ready for a "man"—like Robinson.

Williams experienced little difficulty in handling Minelli, the willing battler from Milan, Italy, a solid whipping. After feeling out the 144½ pound Italian for two rounds, the 127-pound champion began a machine-like process of cutting him down to size.

In the fourth round he caught Minelli with a flush right on the jaw and from then on it was a matter of just how bad Minelli's first licking in the United States after 12 victories would be.

Williams was the aggressor throughout and after finding the Italian had no steam in his punches, waded in and punched him at will. In his dressing room Williams said Minelli never hurt him and that his greatest problem was solving the early weaving, bobbing and rope bouncing routine of the Italian.

Sports Roundup

(By HUGH FULLERTON, JR.)

New York, Feb. 10 (AP)—When a first-rate track star comes into California, that's news. You've heard of plenty coming out of the Golden State.

New Brutus Hamilton, U. of California track coach, admits that his prospects in the mile and two-mile run wouldn't be bright this year if a fellow named Kaare Velling hadn't turned up from Norway.

Velling, who never has had any formal coaching, can run 1,500 meters in 3:35—roughly equivalent to a 4:10 mile—and is strong enough to run two miles the same afternoon.

Frank Keane, Rhode Island state basketball coach, bemoans the tendency of some teams to hang onto the ball and refuse to shoot until they have "cripples."

Keane, who goes for bigger and better scores, argues: "There's nothing wrong with the rules or the officials if the coaches will give 'em a good lively game."

MADE TO MEASURE

Although National Football League records list Cecil Isbell's toss to Don Hutson in 1942 as the shortest touchdown pass on record, Art Daley of the Green Bay Press-Gazette decided to check up the other day. Art recalled that the writers had merely guessed at the distance of four inches.

Sure enough, Charley Brock, who centered the ball on that play, said that it was nearer two inches than four from the goal line.

Curly Lambeau was about the same distance from a collapse when Isbell made that pass.

SHORTS AND SHELLS

Joe Baksi, still hoping to get back into the heavyweight title chase, is making his training headquarters at his newly-purchased home on Greenwood Lake in New Jersey.

Maybe that explains why he's so eager to fight. Bill Wilson, 18, year-old outfighter will get a trial run in the Pacific Coast league, socked eight of his 24 home runs for Anaheim, Calif., last season over the 420-foot center field wall.

LAST RITES FOR GANDHI'S ASHES

New Delhi, Feb. 10 (AP)—The people of Delhi made their last obeisance today before the cremated remains of Mohandas K. Gandhi. His ashes will be consigned Thursday at noon to their last resting place, the three Indian rivers held most sacred by Hindus.

Across India somewhat similar rites will be held. Portions of Gandhi's ashes were distributed to all Indian provinces as a symbol of universal love between Gandhi and his people.

The defense ministry announced detailed plans for the ceremony as police continued their investigation into Gandhi's assassination. The Indian religious leader was shot to death January 30 as he walked to a prayer meeting. Police remained silent on their progress.

There was some public speculation on the arrest of a man with a dagger Sunday near the home of Sardar Vallabhai Patel, home minister. Some believed it was the same man who earlier Sunday tried to enter the home of Prime Minister Jawaharlal Nehru.

Police said they had been unable to establish whether there was any relationship between the man arrested at Patel's home and the R. Myers, East Berlin, 6, 15, 3, 33. Gandhi assassination. They said they could not determine the man's religious community nor his identity because of conflicting statements. They said they believed he was feigning a lack of mental stability. He was being held on suspicion.

LOUIS PUNCHES IMPRESS LEO

Baltimore, Feb. 10 (AP)—Leo Matriciani—who should know—says Heavyweight Champion Joe Louis may be a little slower on his feet than a few years ago "but you can't say that of his body or his punches."

Leo, a Baltimore heavyweight, boxed four rounds with Louis in a no-decision four-round exhibition before 3,000 fans here last night.

He went the same distance against the Brown Bomber in '44, when they were both soldiers in England.

Leo said "Joe hit me pretty hard," a few times and that he had been hurt by a punch to the abdomen in last night's bout.

Joe's weight was announced at 220. He had a roll of fat around his girth and ringsiders thought his poundage should have been announced at somewhere between 225 and 230.

It was Louis' last ring appearance in the United States before sailing for England on February 19, where he will engage in exhibitions preparatory to a title defense against Jersey Joe Walcott next summer.

Louis reiterated last night the Walcott fight will be his last—"win, lose or draw."

Liscombe Near New Loop Scoring Record

New York, Feb. 10 (AP)—Carl Liscombe, veteran left winger of the Providence Reds, is within 18 points of setting a new American Hockey league scoring record.

Liscombe picked up two points during the past week to boost his pace-setting output to 82. Liscombe, who also tops the loop in goal-getting with 39, is striving to beat the record 99 points scored by Wally Kilrea in the 1942-43 season.

Philadelphia's Walt Stefani replaced Providence's Ray La Plante as the circuit's top playmaker. Stefani has drawn 48 assists to 46 for La Plante.

Net Minder Baz Bastien of Pittsburgh retained his grip on goal-tending honors. Bastien has a goals-against average of 2.51 and along with Floyd Perras of Springfield has turned in the most shutouts, two.

About 40 per cent of the area of New York is in the borough of Queens which contains 129 square miles.

Maroons Host To Trojans In Big Tilt Here Tonight

Tonight the top South Penn cage league game is scheduled to be played on the Gettysburg high school floor when the Maroons entertain Chambersburg, first half titlists, in a crucial second half game.

A victory for the Maroons would put them back into the thick of the fight for second half honors, while a defeat would practically eliminate them from the race.

Coach Lowell Schlichter's outfit has not been beaten by a scholastic team this season and is gunning for its fifth straight South Penn championship. Previous to the Trojans rise to power Gettysburg copped the league diadem three straight years and followed with three District 3 PIAA titles.

Hundreds of Chambersburg fans are expected to accompany their team here for the game. Doors to the gymnasium will be opened at 6:15 o'clock. At 7 o'clock the reserve teams will clash.

MOUNT COACH RESIGNS POST

Emmitsburg, Md., Feb. 10 (AP)—Steve Filipowicz, star fullback of the great Fordham football team back in 1940 and 1942, resigned Monday as head football, basketball and baseball coach at Mount St. Mary's college.

The Rt. Rev. John L. Sheridan, president of the school, announced Filipowicz wished to devote all the time to the Sunbury (Pa.) Yankees of the Interstate Baseball league.

Walter Opeken, assistant coach at Mount St. Mary's since 1935 and acting head coach until Filipowicz came here last summer, takes over the top sports job again.

Starred At Fordham
Filipowicz starred for Fordham in the Rams' 1940 Cotton Bowl and 1942 Sugar Bowl games and was in the professional New York Giants backfield in 1946. Meantime, he had a fling in baseball with the New York Giants and the Little Giants at Jersey City. He went into the Marine Corps soon after graduation from Fordham.

He was brought to Mount St. Mary's coincident with a postwar revival of intercollegiate athletics there. School authorities wished to get back into competition on a "de-emphasis" basis.

Some of the best players of the "war-time" 1946 football team were missing when 25 lettermen came out last fall and the Mounts didn't score a point in dropping all three games.

This season's basketball team has won seven and lost eight and stands ninth in the Mason-Dixon conference.

Roses, Shamrocks Win Cage Contests
The Red Roses and East End Shamrocks scored basketball victories Monday evening in games played on the recreation center floor in the Hotel Gettysburg annex.

The Red Roses noosed out the Warriors 30-28 and the Shamrocks triumphed 39-29 over the Sepia Stars.

GREENBERG MAY SIGN WITH TRIBE TO PLAY, COACH

By LARRY SMITH
Cleveland, Feb. 10 (AP)—Hank Greenberg probably will sign a player-coach contract with the Cleveland Indians if the agreement includes a share in operation of the club.

The former American league home run king indicated as much last night, when he came here as Tribe President Bill Veeck's guest at a baseball writers' dinner honoring Manager Lou Boudreau.

"I haven't signed yet," Hank told an interviewer, "and before I take such a step I want to make sure that my association won't be just a one-year proposition as player-coach. I'm looking for something more permanent. I'd like to be associated in the operation of a major league club."

Released By Pirates
In Philadelphia yesterday, Earle Mack, assistant manager of the Philadelphia Athletics, reported Greenberg turned down an offer to play with the A's during the coming season. Mack said "we wanted him as an outfielder and pinch-hitter and as first base insurance for Ferris Fain."

The Athletics' official said Greenberg informed him by phone "he was giving up the game."

Greenberg asked for and received his release from the Pittsburgh Pirates last fall after a 13-year major league career. He batted .249 and slammed 25 home runs in 1947.

Williams Is Easy Winner
Philadelphia, Feb. 10 (AP)—Like Williams today only had eyes for Ray (Sugar) Robinson, the welterweight champion.

Following his easy 10 round non-title decision over Livio Minelli before a standing room crowd of 9,311 at the Arena last night, the lightweight king from Trenton, N. J., said he was tired of chasing backtracking lightweights and was ready for a "man"—like Robinson.

Williams experienced little difficulty in handling Minelli, the willing battler from Milan, Italy, a solid whipping. After feeling out the 144½ pound Italian for two rounds, the 137-pound champion began a machine-like process of cutting him down to size.

In the fourth round he caught Minelli with a flush right on the jaw and from then on it was a matter of just how bad Minelli's first flicking in the United States after 12 victories would be.

Williams was the aggressor throughout and after finding the Italian had no steam in his punches, waded in and punched him at will. In his dressing room Williams said Minelli never hurt him and that his greatest problem was solving the early weaving, bobbing and rope bouncing routine of the Italian.

BOON TO EUROPE SEEN IN OPENING OF SPAIN BORDER

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

The reopening of the French-Spanish frontier after two years, during which Generalissimo Franco has been ostracized by the great powers as the bad lad of Europe, makes one wonder whether Spain may be edging back into the good graces of her neighbors.

Certainly it would be a boon for the Marshall plan if Spain could purge herself of her sin and join in the rehabilitation of Western Europe. She has many resources to contribute to recovery—and that at a moment when every ounce of help is needed.

Spain's sin of course is one of omission rather than commission. She has failed to get rid of Dictator Franco, though nobody has suggested just how she could do this in view of the fact that the generalissimo has a great standing army and is all set for defense of his position.

Nobody loves a dictator, but we have to deal with the anomaly that many nations in theoretical good-standings but are under dictatorial rule. So far as the Marshall plan is concerned, Spain wasn't invited by her European neighbors to join in the program and thus on paper there is no question of her sharing in the rehabilitation efforts.

Still, it is an interesting fact that the French-Spanish border is being opened to traffic and trade. We must assume that neither America nor Britain raised objections, for France wouldn't have agreed to the opening if they had. The only objection thus far registered is by the Communists. The French Bolsheviks in Paris—headed by leaders Maurice Thorez, Jacques Duclos and Andre Marty—protested during a demonstration Sunday.

From the economic standpoint the Western Democracies obviously would be glad to see Spain's resources pooled with those of other countries. The difficulty is on the political side.

However, as the signs read, there may be a trend toward getting Spain into the economic set-up. The initiative, of course, would have to be taken by the countries of Western Europe.

NEW COMMANDANT

Harrisburg, Feb. 10 (AP)—Rear Admiral John Ball will take over the duties of commandant at the nearby Mechanicsburg Naval Supply Depot, relieving Admiral C. W. Fox, who has been transferred to Washington, D. C. Rear Admiral Fox, head of the giant depot since 1945, will become assistant chief of the Bureau of Supplies and Accounts, the Navy announced.

That the French-Spanish border is being opened to traffic and trade. We must assume that neither America nor Britain raised objections, for France wouldn't have agreed to the opening if they had. The only objection thus far registered is by the Communists. The French Bolsheviks in Paris—headed by leaders Maurice Thorez, Jacques Duclos and Andre Marty—protested during a demonstration Sunday.

From the economic standpoint the Western Democracies obviously would be glad to see Spain's resources pooled with those of other countries. The difficulty is on the political side.

However, as the signs read, there may be a trend toward getting Spain into the economic set-up. The initiative, of course, would have to be taken by the countries of Western Europe.

PLAN NEW ROOF

(Continued from Page 1)

are no plastered walls, and did no damage. Water coming through from the leak was caught in pails, he said.

To Get Roof Bids

Bids will be sought for a new roof, but the new one will not be a slag-covered type, it was decided. A report on the worn-out roof showed that because of the slag top it was almost impossible to discover leaks.

The board accepted the offer of the American Heating and Ventilating company, to inspect the heating systems.

Director Raffensperger reported that two weeks ago a pipe burst in the basement of the High street school and flooded the cellar. It happened on Saturday, when there was no school, and the leak was repaired.

The bursted pipe was in one of four coil boxes under the first floor, which were installed to heat fresh air from outside which reached the school rooms through registers. The water in the coil which burst was shut off, he said. Another heating coil has been floored over for some time.

Worthless for Heat

Regular heating for the rooms is by means of pipes along the walls of the classrooms, and Director Black said the coils were "worthless for heating, but good for ventilation." The board decided to see what effect the shutting off of the broken coil would have on ventilation. The old coils could not be removed before spring at the earliest, it was decided.

The board will get specifications and prices on a new lawn mower. It was the consensus of opinion that one with a cutting bar 70 inches wide is needed, with possibly an attachment for plowing snow. The board discussed plans for clearing out the weeds and brush in the grove near the high school, but no action was taken.

Authority was given to Paul Whitmoyer, director of the recreation program, to use the high school building for adult recreation classes, and it was agreed to release Jack Cessna from two of his regularly scheduled classes to give him more time for the new course in automobile driving.

Need 3 Teachers

Superintendent Keefe announced that a new girls' health teacher, a new assistant athletic coach and a librarian will be needed at the high school.

All members were present at Monday night's meeting, including President Paul M. Rohrbaugh, Secretary Mahlon P. Hartzell, Ray J. Kitzmiller, Dr. R. D. Wickerham, George T. Raffensperger, Mrs. Irma Poppay and Charles Black.

The treasurer's report showed total income for the month of \$2,906; balance January 9 of \$66,664.33, disbursements of \$13,932.22 and balance February 6, of \$55,638.11. The balance in the sinking fund was shown as \$1,928.15.

Balance in the cafeteria fund on January 1 was reported as \$233.55. January deposits amounted to \$802.10, and accounts receivable were \$63.40, for a total of \$1,119.05. Expenditures were \$174.38 for salaries and services, \$689.22 for provisions and \$1.24 for maintenance, a total of \$855.84, leaving a balance of \$263.21.
